RIDING IN THE SUMMER HEAT

GE 4 GEORGIA CHAPTER L VOLUME 17, ISSUE 7

Riding in the Heat Means Staying Hydrated

Murry and Dawn Cail Senior Rider Educators

With the skyrocketing temperatures of summer now upon us, we need to take a little extra care to keep our minds and bodies tuned-up to deal with the heat. One easily preventable and often overlooked safety hazards on the road is dehydration. What is dehydration? In simple terms, dehydration is using more water than your body is taking in. This means you don't need to be running a marathon for dehydration to set in. The act of riding your motorcycle in the heat can be a cause. Spending hours in the saddle under the hot sun without replenishing your fluids can be a recipe for disaster. What are some of the symptoms of dehydration? • Headache • Weakness • Dry Mouth • Increased Thirst Do you feel a little "off?" Listen to your body. The dizziness or sluggishness a motorcycle rider may experience as a result of not taking in enough fluids can have dire consequences. Hot Weather Motorcycle Riding—Be Prepared Often, your body may be experiencing mild dehydration before common symptoms begin to appear. With a small amount of extra planning before you get on your bike, you can keep your body strong and your mind sharp for the duration of your ride. "An ounce of prevention is worth a pound of cure." - Ben Franklin Reusable Water Bottles A thermos or reusable water bottle in the drink holder on your bike, as well as an extra packed in a cooler in your saddlebags or trunk could be just what the doctor ordered. When your bottle is empty on the bike, stop, replenish your fluids and at the same time give your body a few moments to rest. Pick a nice, shady spot and enjoy the scenery while you recharge your battery and fluids. What to Drink Water is the best option for keeping your body hydrated. A sports drink is also a good choice. Caffeinated beverages like soda, coffee and teas are diuretics and actually encourage fluid loss. Ride Smart, Ride Safe! Don't leave your personal safety to chance during the dog days of summer. Leave home prepared with something to drink in your drink holder and more in a cooler for along the way.

Trent's Talk

I hope everyone has been able to take advantage of the good weather we have been having.

On Friday, May 31, 2019, Charter Member Jim Wall passed away. A Memorial Service was held on Sunday, June 9th at 1:00 at the clubhouse of Paradise Island. Lots of stories of Jim's life were shared. Everyone even got to hear about "Tepid" water. Helen and the family were extremely pleased that there were 18 motorcycles that were in the parking lot. Please continue to keep Helen and the family in your thoughts and prayers.

July is going to be a busy month. We have the planning meeting, lunch rides, dinner rides, a fireman's breakfast and a campout scheduled.

Are you ready for SPAM "2" the Sequel. Camping fee is \$24.00 Friday and Saturday night. I have been advised that they will have ice (\$2.00) per bag and wood (\$5.00) per load for sale. Generators can only be used for CPAPS after 11PM. If you haven't made your reservations with Gene Anderson yet, please call him.

No other real changes from previous campouts. Remember this is a dry camp!! There is no water or electricity at the camp sites. Port-a-potties are near our campsites as well as water from the nearby Gazebo.

Bring whatever games you want to play: Bacci Ball, Badminton, Volley ball, Lawn darts, ladder golf balls?? etc

We will have our Spam dinner/potluck on a Saturday night. It's time to break out your favorite Spam recipe and have it ready for Saturday's dinner.

Directions to Park:

Traveling west on OR Hwy 20, take Hwy 229 north at the Toledo/Siletz junction, continue on through Siletz go approximately 3 miles, cross the second green bridge and park is immediately on your left. We are on the upper level. If you are in an RV and cannot negotiate the turn up to the campsite (new barriers), stop at the office for directions.

From Oregon Hwy 101, just south of Lincoln city take Hwy 229 at the Kernville Junction. Continue for about 21 miles and park is on the right. If you passed green steel bridge you passed the park.
